

MR3003-77  
Appln. No. 10/777,062  
Reply to Office Action dated 5/18/2005

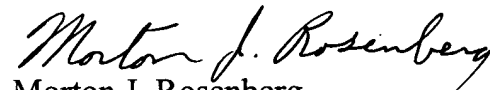

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 18 May 2005. In the Official Action, the Examiner has found four inventions, namely, Species I directed to Figures 3a-5b and Figure 6; Species II directed to Figures 3a-5b and Figure 11; Species III directed to Figures 7a-9b and Figure 6; Species IV directed to Figures 7a-9b and Figure 11. The Examiner has required Applicant chose one Species for further prosecution in this case.

By this Amendment, Applicant withdraws Claims 1-25 and 32-41 and elects Species III directed to Figures 7a-9b and Figure 6. Applicant believes that Claims 26-31 read on this Species.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,  
FOR: ROSENBERG, KLEIN & LEE
